Sir,

I believe the Commissioner (Mr Slidell) requested you last Saturday evening to allow me to have access to all the books & documents in the mint, to assist me in making out a report in reference to assaying. Having called for the original weigher's book & been refused I now ask you to give me the reasons for that refusal in writing — I wish to have access to all the books that have been produced & entered on the minutes And also the assayer's memorandum & Calculation books which he brought forward on the evening of his examination

Very respecty
Jas Maxwell
M & Refiner
